

# A BREAKTHROUGH INNOVATION IN CHICKEN DELIVERY!

# Next Phase DELIVERY

- **NO ELECTRICITY USAGE**
- **NO UNSIGHTLY WIRES**
- **NO MAINTENANCE**
- **Utilizes bio-based Phase Change Material to keep your chicken HOT**

Patent Pending

  
**VESTURE**  
Life Changing Products

## Make your next chicken delivery with our **Next Phase Delivery bag!**

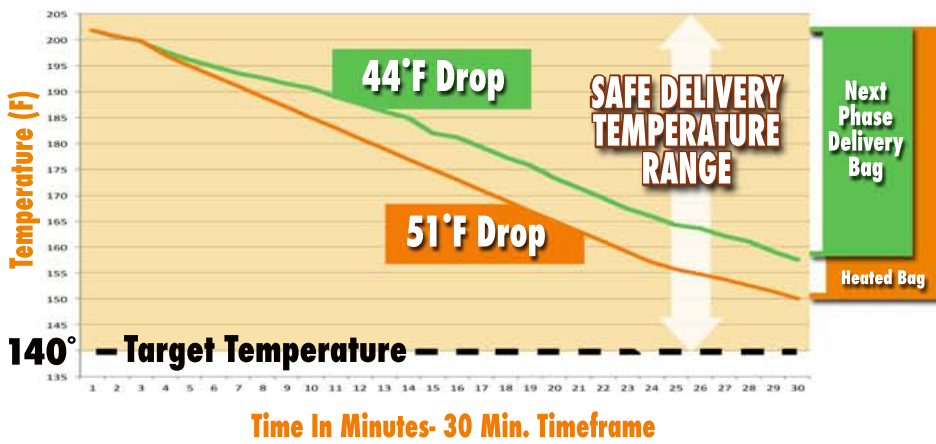

Phase Change Energy Solutions, Inc. is the world leader in energy saving and temperature controlled technologies using phase change materials. When combined with space age insulation, nanotechnology and other cutting edge energy management innovations, Vesture®, a PCES division is able to provide futuristic food delivery systems unlike any on the market today that perform with amazing results.

The Next Phase Delivery Chicken Bag is the latest generation of delivery systems. It is a proprietary design encompassing multiple layers of radiative and absorbing heat materials to capture and sustain a hot environment while properly allowing moisture to wick away. This new innovation employs a 6-layer technology which compartmentalizes evolving energy to sustain a heated environment and insulate hot chicken from surrounding environments, keeping it at an safe temperature to the customer's door.

**13.7% BETTER PERFORMANCE**  
 over heated bag  
 with 8 Pc. Bucket of Chicken &  
**30 Min. Delivery Time**

## Next Phase Delivery 6-Layer Bag Construction:

### Nylon Cover inside and out

Durable, easy to clean nylon surface for years of carefree use

### Insulation Material

Utilizing the latest in energy conserving insulation materials

### Nanotech Energy Absorbing Foam

Patented, energy absorbing foam makes delivering hot chicken EASY

### Reflective Energy Barrier

Thermal reflective barrier aids in capturing excess heat that is normally lost in delivery

### Next Phase Delivery Heating Element

The technology that makes it work: Phase Change Material serves as a thermal battery

### One-Way Moisture Ventilation

Moisture releasing technology reduces moisture build-up inside bag

### Dimensions and colors available:

Standard Bag: 17"W x 9.75"D x 9.5"H

Black and Red. Other colors available upon minimum purchase requirements.

### Customization options:

If our standard sizes do not meet your needs, we can custom design bags to meet your individual requirements. Call for additional information.

### Warranty:

One Year Limited Warranty against defects in materials and workmanship.
